

Our Thoughtful Place Bricks

The Animal Welfare League offers a way to remember a special pet or honor those who are committed to the humane care and treatment of animals in need. "Our Thoughtful Place" will be a garden located on the grounds of the League's Chicago Ridge shelter. It features a beautiful garden setting with a patchwork of engraved bricks. The bricks are inscribed with names and messages chosen by people who truly love animals. Help support the League by giving a lasting tribute to a loved one.
