FRONTLINE PLUS provides your **dog or cat** with the most complete spot-on flea and tick protection available through your veterinarian. In addition to killing 98-100% of adult fleas on your dog within 24 hours, FRONTLINE Plus contains a special ingredient that kills flea eggs and larvae, too, and keeps ALL stages of fleas from developing. And, FRONTLINE Plus kills all stages of 4 major

ticks including those that may transmit Lyme disease and Rocky Mountain spotted fever. You can use FRONTLINE Plus with ease and confidence. It's applied just once a month to a single spot on your pet, between the shoulder blades. It's completely water-proof, so your dog can swim, get wet,

and even be bathed without the need for re-application. What's more, FRONTLINE Plus is approved for use puppies 8 weeks and older and over 11 lbs and for use on kittens 8 weeks or older.
